[Jason](#), 06/18/2003:

Sandeep is one of the coolest cats I have known. He's the homey who provided all of us in our Walnut crew with a place to get together. I have fond memories of parties, barbecues, and chillin by the fire pit in his backyard while bumpin Snoop Dogg, Tribe, Bob Marley and Masta Ace. Another memory is of Sandeep getting lost all the time while driving...hehehe.
